The reports of Town Municipalities have not been received since 1920 21. 22. In para 15 of this note the Forest Member observed that individual reports of Dist Boards will be received by the Commissioner, the Consolidated report being made by this Govt. In para 16 the Member was pleased to observe that this procedure may lead to difficulties. From the Order of this Council it would appear that their order relates only to Reports of Dist Boards. If this view is correct, the revised draft GO in the file will be revised & submitted for approval

The question of reviewing Administration Reports of District Boards and Town and Minor Municipal Councils has been engaging the attention of Government for some time At present the Administration Reports of Town and Minor Municipal Councils are individually reviewed by the Deputy Commissioners in the case of the Town Municipal --

Council Reports a consolidated review is issued by Government and in the case of the Minor Municipal Council Reports a review is issued by Government separately for each district which Govt not only review each of these Reports separately but also obtain consolidated review on the Reports

2 After careful consideration of the question Government think that only two provincial reviews dealing with the most important and salient features of the administration may be issued by Government in future, one for Town and Minor Municipal Councils and the other for all the District Boards in the State

3 In order to secure uniformity in the matter of reviews by the Deputy Commissioners and obtain readily all the essential statistics for publication in a concise form with the Government views, the following instructions are issued in modification of the orders of 12th May 1915 and 2nd November 1918 read above -

I The Administration Reports of District Boards should be submitted to Government (through the Deputy Commrs when the Presidency is not the Hq Commr) and those of all Municipalities, except the City Municipalities, to the Deputy Commissioners in duplicate punctually on or before the 15th September every year arrangements being made for obtaining the necessary figures from the Public Works Medical, Sanitary and Education Departments before the 31st July every year

II Each Deputy Commissioner should soon after the receipt of the Municipal Reports -- arrange for prompt check of the figures and issue a simple review for all the Municipalities and submit a copy of his review to

Government with necessary statistics in the Forms appended to this order so as to reach the Secretariat punctually on or before the 15th October every year

III The Reviews should be very concise and chiefly limited to comment or criticism on the general results so far as comment or criticism is required or to discussions arising out of some statement of fact or opinion which calls for no ice

IV Soon after the receipt of the District Fund Reports and the Deputy Commissioners' Reviews on the Municipal Reports the Government will issue two consolidated Review one for all the District Boards and the other for all the Town and Minor Municipal Councils in the State

V In order to facilitate the preparation of the Government Review on Municipal Reports, each of the Deputy Commissioners should submit in advance to Government on or before the 1st October, a copy of each of the Municipal Reports together with consolidated statements of the - - appendices for all the Municipalities in the District

VI In order to facilitate the preparation of the consolidated section on Municipal Administration for the State Administration Report, the brief Municipal Reports with necessary statements prescribed in G O No 1502-9/M1 96-17-1, dated the 7th September 1917 will

13

continue to be submitted so as to reach the Secretariat on or before the 1st October every year

VII This order will be applicable to the Reports and Reviews for the year 1923-24 and onwards
